

Sound Start Babies Program Accepts Grant from Investors Bank

May 1, 2017

Mountain Lakes, NJ-- The Sound Start Babies program received a grant from Investors Bank on May 1, 2017 in the amount of \$2,000. The check, presented by Brendan Gross, will be used exclusively for the Sound Start Babies program. Jessica Griffin, President of the Sound Start Babies Foundation, along with some of the children and teachers of the program, accepted this grant at the Sound Start Babies nursery in Mountain Lakes.

About Sound Start Babies

The Sound Start Babies Program is funded by the Sound Start Babies Foundation. This exemplary program is a leader in innovative approaches to maximize speech and language outcomes, including utilizing LENA (Language ENvironment Analysis) System. Each year, at least 50 children and their families from northern New Jersey receive individualized, comprehensive services provided in the family's home and in the school, New Jersey's only full-day intensive and inclusive class for toddlers 18 -36 months. The program takes full advantage of the short window of opportunity for speech and language development by providing family education, support services, and coordinating a multi-disciplinary team of early intervention specialists with expertise in working with young children with hearing loss.
